

HMO BENEFIT PLAN AND RATE OVERVIEW

THE EASY WAY to pick the health plan that's right for you.
Effective November 1, 2007

HEALTH MAINTENANCE ORGANIZATION PLANS (HMO)

HMO's are a great choice for individuals and families requiring routine care, with no unusual medical needs that require out-of-network specialists.

Basically, under an HMO, you're required to select a primary care physician who will direct your medical needs through the HMO network. The advantages of an HMO include slightly lower annual premiums, little or no claims filing, and preventive programs.

INFORMATION ABOUT YOUR RATES

Rates are calculated by adding the rates for each individual. Find the appropriate category for your rate by looking up your age, gender and the Arizona county in which you reside. For more information, call 1-888-463-4875.

EXCLUSIONS AND LIMITATIONS

The exclusions and limitations presented in this Benefit Overview are not comprehensive. For a full list of exclusions and limitations see the Evidence of Coverage for HMO Plans or Policy for PPO Plans. You may obtain a copy of these documents prior to enrolling or at any time by contacting us at 1-888-463-4875.

Exclusions and limitations include but are not limited to:

HMO Plans: Hospital and professional services for a normal delivery are covered only for expectant members who have been enrolled for 21 consecutive months when delivery occurs. Hospital and professional services for members who have been enrolled less than 21 consecutive months are limited to prenatal care, after 12 months of enrollment, and complications of pregnancy, as defined in the Evidence of Coverage.

With the exception of emergency care and direct access benefits, all services and items must be provided or arranged by your primary care physician. Selected services require authorization by Health Net of Arizona, Inc.

PPO Plans: Eligible expenses for covered services delivered by non-contracted providers and facilities will be an amount determined by Health Net based on a percentage of the Health Net fee schedule, which is generally comparable to eligible expenses for covered services delivered by contracted providers and facilities. This amount may be adjusted by Health Net from time to time and at any time.

Precertification is required for certain services. Failure to obtain precertification will result in a reduction in benefits. For a comprehensive list of services requiring precertification see the Policy. Services that must be precertified include, but are not limited to: Hospital inpatient admissions (non-emergency, including acute, subacute or rehabilitation), hospital observation stays (less than 24 hours), mental health and substance abuse inpatient admissions, skilled nursing inpatient facility admissions, transplants/transplant services, select outpatient procedures, select rehabilitative programs and therapies, select durable medical equipment, home health care services (including home infusion therapy), non-emergent ambulance and transportation services, prosthetics, oncology services, podiatry services, sleep studies, oxygen and related breathing equipment, epidural steroid injections, magnetic resonance imaging (MRI), computerized axial tomography (CAT), positron emission tomography (PET) scans, magnetic resonance angiography (MRA), self-injectable medications (except insulin), select in-office pharmacy injectables.

Coverage for maternity services is limited to complications of pregnancy.

HMO and PPO Plans: The following services and/or procedures are either limited in coverage or excluded from coverage under these health plans. These services include, but are not limited to: comfort/convenience items, hearing aids, cosmetic surgery, court ordered care, custodial care, experimental/investigational procedures and drugs, gender alterations, infertility services, inpatient mental health services, long-term rehabilitative services, obesity, paternity testing, radial keratotomy, substance abuse treatment programs, mail order prescriptions, employment counseling, exercise programs, fraudulent services, missed appointments, temporomandibular joint disorder, vocational programs. For a complete list, refer to either the Evidence of Coverage for HMO Plans or Policy for PPO Plans.

In- and out-of-network benefits are subject to deductible, then a percentage of eligible medical expenses.

All drugs covered by your outpatient prescription benefit are placed in one of four tiers on the Preferred Drug List (PDL). The lower the tier, the lower your copayment. The Health Net PDL is a listing of covered medications. Some drugs on the PDL may require prior authorization from Health Net. Prescriptions are limited to a 31-day supply. Other quantity limitations may apply.

Skilled nursing coverage is limited to 60 days per calendar year.

Expenses you incur for the following cannot be used to satisfy the out-of-pocket maximum: failure to follow prior authorization/precertification guidelines, mental illness, substance abuse, infertility, use of emergency room for non-emergent care, prescription drugs, copayments, limitations, exclusions. Check your Evidence of Coverage or Policy.

Pre-existing Condition Limitation (PPO Plans Only): Expenses for conditions for which a member received any medical advice, diagnosis, care or treatment during the 6 month period immediately preceding the member's effective date of coverage will be excluded from coverage the first 12 months of enrollment.

High-Deductible PPO Plans: Preventive health care services are defined as routine physical, pap smear, mammography and PSA screenings. For a complete list see Policy.
